

F I B E R N E T W O R K

CONNECT INSTANTLY

"KCN Fibernet carry's its roots from a reputed Cable Tv. service provider Kasthuri Cable Network Since 1990s. Core technical members have worked with reputed TSP's making us technically advanced than most of the ISP's available. The network is completely based on fiber to delivery optimum speed and IT related services to residential customer segments. KCN downtime in service is rated as the least compared to other service providers. The team is widely known for its timely service and being cost friendly"

Why KCN

MOST RELIABLE NETWORK

With the entire network architecture designed on redundant ring topology supported by round the clock centralized monitoring of network with state of the art technology deployment, we have succeeded in delivering the desired uptime and consistency of service. In years of service we have been voted consistently by our esteemed customers as the most reliable service in their daily life.
